[Northrop & Johnson](#) are delighted to announce their participation in this year's [Ocean Marina Pattaya Boat Show](#) to be held 22-25 November in Thailand. Northrop & Johnson will be exhibiting the stunning 33 metre power catamaran Phatsara, which was designed and built in Thailand.

N&J broker Simon Turner commented, "We are delighted to have the largest and most wonderful yacht in the show. Phatsara is the result of a combination of international designers and builders and is a simply stunning and unique platform. She was surveyed and sea trialled by an independent Lloyds Surveyor earlier this year and passed with flying colours, achieving speeds over 25 knots. The yacht has a huge interior volume with 3 staterooms and 12 casual bunks in addition to the full crew berths"

Simon will be available throughout the show to discuss the yacht with potential buyers, she is available for sale with an asking price of \$6.5m.
